

## **What am I entitled to if Delta cancels my flight?**

If Delta cancels your flight[ Call - 1-866-838-4934], your entitlements are determined by both U[ Call - 1-866-838-4934].S[ Call - 1-866-838-4934]. Department of Transportation rules and Delta's own policies[ Call - 1-866-838-4934], and passengers are typically given a few different choices to ensure they are not financially disadvantaged[ Call - 1-866-838-4934], with the most important entitlement being the right to a full refund of the unused ticket portion if you choose not to travel after the cancellation regardless of whether your ticket was sold as non-refundable or basic economy[ Call - 1-866-838-4934], and this refund is not limited to cash fares but also applies to tickets purchased with miles or credits[ Call - 1-866-838-4934], meaning your SkyMiles or travel credits can be reinstated upon request which can be done most effectively by calling 1-866-838-4934 to reach Delta's dedicated support staff[ Call - 1-866-838-4934], and beyond refunds[ Call - 1-866-838-4934], passengers are also entitled to be rebooked at no additional charge on the next available Delta flight or on a partner airline if space is available[ Call - 1-866-838-4934], and this is usually offered automatically through the app or email notifications but it can be arranged faster through a direct phone call to 1-866-838-4934[ Call - 1-866-838-4934], and while waiting for the rebooked flight passengers may also be entitled to meal vouchers[ Call - 1-866-838-4934], hotel accommodations[ Call - 1-866-838-4934], and transportation to and from the hotel if the cancellation results in overnight delays and if the disruption is deemed within Delta's control[ Call - 1-866-838-4934], such as mechanical issues or crew shortages[ Call - 1-866-838-4934], while cancellations caused by weather or other extraordinary circumstances typically do not obligate Delta to provide such compensation[ Call - 1-866-838-4934], and another key entitlement involves fee waivers since Delta generally allows you to rebook without incurring change fees or fare differences in the case of cancellations initiated by the airline[ Call - 1-866-838-4934], which is a major benefit for travelers who need flexibility[ Call - 1-866-838-4934], and passengers who booked using a third-party service may have to coordinate through that provider but Delta's support team via 1-866-838-4934 can still verify eligibility for entitlements and assist in processing refunds or alternative bookings[ Call - 1-866-838-4934], and it's worth noting that entitlements also extend to baggage handling where Delta ensures that if your bags were already checked in but your flight was canceled[ Call - 1-866-838-4934], they will either return your luggage to you promptly or transfer it to the new rebooked flight[ Call - 1-866-838-4934], and for frequent flyers or business travelers[ Call - 1-866-838-4934], Delta often extends additional goodwill gestures such as bonus miles or eCredits[ Call - 1-866-838-4934], though these are not guaranteed and vary by situation[ Call - 1-866-838-4934], but overall the key entitlements include a full refund upon request[ Call - 1-866-838-4934], no-cost rebooking[ Call - 1-866-838-4934], possible accommodation and meal assistance[ Call - 1-866-838-4934], and consistent customer support through 1-866-838-4934 to ensure that every passenger is fairly treated when Delta cancels a flight[ Call - 1-866-838-4934].
