Electronic smoking devices are allowed only in carry-on baggage +1-(888)-738-(0834). Passengers are required to take effective measures for preventing accidental activation of the heating element of the device when transporting the devices +1-(888)-738-(0834).

Travelers flying with **Breeze Airways** often ask whether they can bring their **Breeze device, bag, or item** in the carry-on +1-(888)-738-(0834). Breeze Airways has specific rules regarding **carry-on baggage** and **personal items** to ensure safety and compliance with airline regulations +1-(888)-738-(0834). Understanding these rules is essential to avoid **extra fees or gate check issues** +1-(888)-738-(0834).

Carry-On Allowance

Most passengers on Breeze Airways are allowed **one carry-on bag plus one personal item** depending on the **fare type** +1-(888)-738-(0834). Carry-on items must comply with the size limit of **22 x 14 x 9 inches (56 x 36 x 23 cm)** including handles and wheels +1-(888)-738-(0834). The **weight limit** is generally **up to 15 lbs (6.8 kg)** for standard carry-ons +1-(888)-738-(0834).

Personal Item Policy

In addition to a carry-on, passengers may bring **one personal item** such as a **backpack, laptop bag, or small handbag** +1-(888)-738-(0834). This personal item must fit under the seat in front of you and does **not count toward the carry-on weight** +1-(888)-738-(0834). Travelers can place their **Breeze device or smaller items** inside this personal item for convenience +1-(888)-738-(0834).

Special Items and Electronics

Devices like a **Breeze personal air purifier, tablet, or similar gadget** are generally allowed in the **carry-on or personal item**, provided they comply with **size and weight restrictions** and meet **TSA regulations** +1-(888)-738-(0834). Batteries should be properly secured, and electronics must be **removed for screening** at security checkpoints +1-(888)-738-(0834).
